INFORMATIONAL MEETING Downtown Kenton Phase I Capital Improvements

The Kenton Downtown Revitalization Plan, completed in 2017, is a plan to prioritize capital improvements in the downtown. Currently, the City of Kenton and the Hardin County Chamber and Business Alliance are undergoing a planning and design process for needed sewer, water, and stormwater infrastructure upgrades within a nine-block area downtown.

What can you expect at the meeting? Attend the Phase I Capital Improvements Informational Meeting to learn more about the project including current planning, funding, and design efforts. You will also hear what to expect during Phase I construction, which will begin this fall.
